

## Proctor

Made in Britain

The Proctor is a high-powered, high lumen output downlight. Made in the UK, the Proctor offers a high build quality and is feature rich. Depending on the variant, up to 116 lumens per circuit watt are achieved, the Proctor can also provide outputs up to 10300 lumens in total. Additionally, this luminaire has been CIBSE assessed and has been rated as "excellent circularity" and is supplied with Tridonic control gear. In high space areas, this is the perfect choice of luminaire to deliver the required light.

### Luminaire

- **Beam Angle-** 55 degrees, 65 degrees Satin Etched
- **UGR-** <23
- **Construction-** Aluminium Reflector, Die-Cast Bezel
- **Colour Finish Options-** White, Grey, Black
- **IP Rating-** IP20, IP54, IP65
- **Working Temperatures-**
- **Warranty-** -25°C ~ +35°C

### Light Source

- **LED Chip Type and Manufacturer-** Tridonic SLE LED module
- **Colour Temperature-** 3000K, 4000K
- **SDCM-** <3 SDCM
- **CRI-** 90+
- **Lifetime-** > 60,000hrs
- **L Value-** Up to L80/B10 @ 60,000hrs

### Power

- **Input Supply-** 200-240V
- **Power Factor-** 0.9
- **Efficacy-** Up to 139lm/W
- **Driver Manufacturer-** Tridonic

- **Control Options-** DALI, Bluetooth
- **Mounting Options-** Recessed, Plaster-In

Product Code	PRO/65W/7900/30K	PRO/94W/10025/30K	PRO/65W/8250/40K	PRO/94W/103/40K
Dimensions	3000K		4000K	
Wattage	65.5W	94.5W	65.5W	94.5W
Lumen Output	7900lm	10025lm	8250lm	10300lm
